Location: Navi Mumbai

EDUCATION

MUMBAI UNIVERSITY , Pillai HOC College of Engineering and Technology Bachelor of Engineering in Computer Engineering Cumulative SGPI: 7.77 (8 semester Ongoing)	08/2022 – Present
HSC – 12th Grade , KLE College of Science and Commerce Stream: Science (Bifocal Computer Science) Percentage: 77.83%	03/2022
Secondary School Certificate (SSC) – 10th Grade , Convent of Jesus & Mary High School Percentage: 78.80%	03/2020

EXPERIENCE

SEMS Welfare Foundation , IT Intern	01/2025 – 07/2025
- Achievement: Awarded "Intern of the Month" for exceptional technical performance and deadline adherence. - Web Development: Designed and customized WordPress themes and plugins for live organizational portals including semsfoundation.org, digisamaksh.com, and semswebz.com. - Database Management: Managed organizational databases ensuring data integrity; executed critical data backup and restoration procedures. - IT Security: Assessed security protocols and implemented measures to protect sensitive organizational data. - SEO Optimization: Implemented digital optimization techniques to improve website loading speed and search engine rankings.	
TG Connect Media Services , Web Development Intern	01/2024 – 02/2024
- Backend Development: Developed dynamic web applications using PHP and MySQL - Performance: Optimized database queries, achieving an 80% improvement in data retrieval speed. - Frontend Implementation: Built responsive user interfaces using Bootstrap to ensure cross-browser compatibility. - Process Analysis: Documented research on web development operations and full-stack workflows.	
Ganishka Enterprises , Software Developer Intern	12/2023 – 01/2024
- Java Development: Developed core Java applications focusing on Object-Oriented Programming (OOP) principles for client assignments. - Automation Testing: Implemented Selenium automation scripts to verify software functionality and reduce manual testing time. - Client Deliverables: Successfully delivered software modules within strict client deadlines.	

SKILLS

Languages: C, C++, JavaScript, TypeScript, Tailwind, Python, SQL, HTML, CSS, NoSQL

Tech Stack: React.js, Next.js, React Native, Tailwind CSS, Bootstrap, HTML5, CSS3, Node.js, Express.js, Fastify, FastAPI (Python), REST APIs, Clerk (Auth), MySQL, PostgreSQL, MongoDB, Firebase.

Testing : Selenium (Automation Testing), Cross-Browser Testing, Debugging & Performance Optimization.

PROJECTS

ACADEMIC & INSTITUTE PROJECTS

Ransomware Attack Detection and Mitigation using Deep Learning | Final Year Research Project

- Tech Stack: Python, TensorFlow, Kali Linux.
Developing a Deep Learning system using **Long Short-Term Memory (LSTM)** to detect crypto-ransomware attacks in real-time network traffic.

CSI PHCET Website (Official Club Portal) | Junior Web Developer (Contributor)

- Tech Stack: React.js, TypeScript, Tailwind CSS.
- Collaborated with the Web Developer team to develop the official website for the Computer Society of India (CSI) college chapter.

EDUEASE Attendance Monitoring System | Head of Project

- Tech Stack: PHP, MySQL, JavaScript, Bootstrap.
- Led a team to build a web-based automated attendance system to replace manual paper logging. Increased transparency between parents and college faculty.

Assignment Navigator | Head of Project

- Tech Stack: HTML, CSS, JavaScript, Bootstrap, PHP.
- Built a web-based application for managing student assignments efficiently, filtering by deadline and priority.

Algorithm Visualizer | Head of Project

- Tech Stack: HTML5, CSS3, JavaScript (ES6+).
- Built an interactive educational tool to visualize complex algorithms (DDA and Bresenham) in real-time.

FREELANCE PROJECTS

Hirvankur NGO Website | Full Stack Developer

- Tech Stack: React.js, Tailwind CSS, JavaScript.
- Developing the frontend architecture for an NGO website to improve digital accessibility

Kosal Kanakia Portfolio Website | Full Stack Developer

- Tech Stack: HTML5, CSS3, JavaScript (ES6+).
- Designed and developed a complete personal portfolio website to showcase the client's professional achievements.

ACHIEVEMENTS & EXTRACURRICULAR

Web Developer Head CSI (Computer Society of India) | Pillai HOC Student Chapter 11/2024 – Present

- Leading the technical committee to organize coding competitions, hackathons, and technical workshops for 200+ students.

Technical Head AIDA (Artificial Intelligence & Data Science Association) 7/2025 – Present

- Mentoring junior students in technical projects and conducting peer-to-peer learning sessions and managing technical seminars

PUBLISHED RESEARCH PAPER

- EDUEASE: An Innovative Platform for Student Attendance Management” Journal of Data Engineering and Knowledge Discovery, Volume 2, Issue 1, e-ISSN: 3048-9237 (Published online)

GERMAN LANGUAGE : A2 | INSTITUTE: GOETHE

- Status: Coursework Completed (Participation Certificate).

SMART INDIA AND OTHER HACKATHON PARTICIPANT

- Participated in Smart India Hackathon 2024 and various college-level coding competitions with a team of developers.

JAVA PROGRAMMING, APTECH LEARNING, PANVEL (72 HOURS)

- Core Java, OOP principles, Git, JDBC, Swing Components, MySQL 8.0, and Visual Studio Code with plugins.

JUNIOR SOFTWARE DEVELOPER CERTIFICATION (NSQF Level-4) (390 HOURS)

- Certified in IT-ITeS SSC NASSCOM standards for software development life cycle and coding best practices.

CAREER ESSENTIALS IN SOFTWARE DEVELOPMENT (6 HOURS 16 MINUTES)

- Gained foundational knowledge in software development principles and best practices
